Material & Fabric Composition

Crafted from premium 100% Cotton Denim, this skirt offers a comfortable yet durable wear. The fabric boasts a substantial 320 GSM (grams per square meter), providing excellent structure and a classic denim feel without being overly rigid. Its robust twill weave ensures longevity, while the pre-washed finish gives it a soft, lived-in texture right from the first wear. The embroidered patches are made from a blend of cotton and polyester threads, ensuring vibrant color retention and durability.

Care Instructions

To maintain the integrity of the denim and the embroidered patches, machine wash cold (maximum 30 degC) with similar colors on a gentle cycle. Turn the skirt inside out before washing to protect the embroidery. Do not bleach. Tumble dry low or, preferably, line dry in the shade to prevent shrinkage and fading. Iron on a low heat setting, avoiding direct contact with the embroidered areas. Dry cleaning is not recommended.
