## Material & Fabric Composition

Crafted for comfort and breathability, this dress features a primary fabric blend of 70% Tencel(TM) Lyocell and 30% Linen, offering a soft drape and natural texture. The Tencel(TM) provides a smooth hand-feel and excellent moisture-wicking properties, while the linen adds a crisp, airy quality. The lace embroidery is composed of 100% GOTS-certified organic cotton for a delicate yet durable finish. The fabric boasts a comfortable weight of 180 GSM, making it substantial enough to drape beautifully without feeling heavy, ensuring optimal comfort even on warmer days.
