Care Instructions

To maintain the exquisite quality of your silk cami, professional dry cleaning is highly recommended. Alternatively, hand wash gently in cold water (max 30 degC) using a mild, pH-neutral silk detergent. Do not bleach. Avoid wringing or twisting; instead, gently roll the garment in a clean towel to remove excess water. Lay flat to dry away from direct sunlight and heat. Iron on a low silk setting from the reverse side while damp, or use a steamer. Protect the pearl embellishments during ironing.

Sustainability & Origin

This exquisite silk cami is proudly manufactured in China, a region renowned for its expertise in silk production and garment craftsmanship. We are committed to ethical production practices, and our manufacturing partners adhere to strict labor standards. The silk used in this garment is OEKO-TEX STANDARD 100 certified, ensuring it is free from harmful substances and safe for human health. While silk is a natural fiber with a lower environmental impact than many synthetics, we continuously work with our suppliers to minimize water and energy consumption throughout the production process.
