

The 'Velocity' Performance Training Regatta

Product Overview

Unleash your full potential with the Velocity Performance Training Regatta, engineered for the modern athlete. Designed for high-intensity workouts, this regatta offers unparalleled comfort and breathability, making it the ultimate companion for gym sessions, outdoor runs, or competitive sports. Its versatile design and range of colors cater to men who demand both performance and style in their activewear, suitable for year-round training.

Material & Fabric Composition

Crafted from an advanced technical blend, the Velocity Regatta features 88% Recycled Polyester and 12% Elastane. This composition ensures optimal stretch and recovery, allowing for a full range of motion. The fabric boasts a lightweight 140 GSM (Grams Per Square Meter), offering exceptional breathability and quick-drying properties. Its smooth, cool-touch texture prevents chafing and provides a barely-there feel against the skin, even during the most strenuous activities.

Size Guide

Size	Chest (cm)	Waist (cm)	Back Length (cm)
---	-----	-----	-----
M	96-101	81-86	70
L	102-107	87-92	72
XL	108-113	93-98	74
XXL	114-119	99-104	76

Care Instructions

To maintain the integrity and performance of your Velocity Regatta, machine wash cold at 30 degC with similar colors. Do not bleach. Tumble dry low or, for best results and longevity, hang dry. Do not iron directly on printed areas, and avoid dry cleaning. Fabric softeners are not recommended as they can impair the moisture-wicking properties of the material.

Sustainability & Origin

This Velocity Performance Training Regatta is proudly manufactured in Vietnam, a region renowned for its advanced textile production capabilities and skilled craftsmanship. We are committed to responsible sourcing, and the recycled polyester used in this garment is GRS (Global Recycled Standard) certified, ensuring that the material is verified recycled content. By utilizing recycled fibers, we significantly reduce our reliance on virgin petroleum-based materials and minimize our environmental footprint. While individual product carbon footprint data is complex and varies, our choice of GRS-certified materials represents a conscious effort to lower the overall environmental impact of our production processes.

Style Notes

The Velocity Regatta is designed for peak performance and versatile styling. Pair it with our Apex Training Shorts and performance trainers for an unstoppable gym ensemble. For outdoor activities like running or cycling, layer it under a lightweight, wind-resistant jacket to adapt to changing weather conditions. Its sleek silhouette also makes it suitable for a casual, active look when combined with joggers and lifestyle sneakers. Ideal for spring and summer training, but also perfect as a base layer in cooler months.
