Care Instructions

To maintain the pristine condition of your Riviera Radiance Beach Hat, we recommend spot cleaning only. Gently wipe any marks with a damp cloth and mild soap. Avoid machine washing or immersion in water, as this can damage the straw fibres and alter the hat's shape. Air dry away from direct sunlight. Do not bleach, tumble dry, or iron. Professional dry cleaning is not recommended. Store in a cool, dry place, ideally stuffed with tissue paper to preserve its shape.

While a detailed carbon footprint for individual accessories can be complex, we continuously work with our manufacturing partners to implement more sustainable processes and reduce environmental impact throughout the supply chain.
