Care Instructions

Machine wash cold (30 degC) with similar colors on a gentle cycle. Do not bleach. Tumble dry low, or ideally, line dry to preserve the padding's loft and reduce energy consumption. Do not iron. Do not dry clean, as harsh chemicals can damage the recycled polyester fibers and padding. Ensure the jacket is completely dry before storing to prevent mildew.

Sustainability & Origin

Manufactured in Vietnam, this jacket proudly carries the Global Recycled Standard (GRS) certification, ensuring that the recycled polyester used in both the shell, lining, and padding meets stringent environmental and social criteria. By utilizing recycled materials, we actively reduce waste and decrease our reliance on virgin resources, contributing to a lower carbon footprint compared to conventional production methods. We are committed to transparency and responsible sourcing throughout our supply chain.
