## Care Instructions

To maintain the pristine condition of your faux leather trousers, we recommend a gentle approach. Hand wash cold with similar colors, or machine wash on a delicate cycle at 30 degC. Do not bleach. Lay flat to dry away from direct sunlight; do not tumble dry as high heat can damage the faux leather finish. Iron on the reverse side at a low temperature setting (max 110 degC) with a pressing cloth, if necessary, avoiding direct contact with the faux leather surface. Professional dry cleaning is not recommended.

## Sustainability & Origin

These "Urban Muse" faux leather trousers are proudly manufactured in Portugal, a country renowned for its high standards in textile production and ethical labor practices. We partner with factories that adhere to strict environmental guidelines. This product is certified by OEKO-TEX Standard 100, ensuring it is free from harmful substances and safe for human health. While faux leather inherently reduces the demand for animal products, we continuously work to minimize our carbon footprint throughout the supply chain by optimizing production processes and transport logistics.
